PROFILE

Frontend web developer focused on building modern, responsive 2D and 3D websites for startups, creators, small businesses, and personal brands. I work with React, Tailwind CSS, and Three.js to deliver premium UI/UX, smooth animations, and clean, maintainable code. I take communication, deadlines, and client satisfaction seriously on every Fiverr order.

WHAT I OFFER

- Modern Responsive Websites — React + Tailwind CSS, mobile-first, polished on every screen.
- 2D & 3D Web Experiences — subtle, performant Three.js scenes that feel premium, not gimmicky.
- Landing Pages & Portfolios — high-impact single-page sites built to convert and impress.
- Modern UI/UX — clean layouts, considered typography, and tasteful animations end-to-end.
- Fast Delivery & Clear Communication — daily updates, predictable timelines, easy revisions.
